EXPERIENCE

Systems Intern NALCO (National Aluminium Company Ltd.) - Navratna PSU	Apr 2026 - Jun 2026 Bhubaneswar, Odisha
- Coordinated across 5+ departments and supported IT operations for 15,000+ employees, acting as a liaison between technical teams and end users, reducing downtime by 15% through proactive issue resolution. - Documented workflows and communicated process improvements to stakeholders, improving ticket turnaround time by 20% - demonstrating clear, client-facing communication under time pressure. - Served as Group Leader on an internal project team, coordinating tasks, deadlines, and progress reporting from planning through delivery. - Gained firsthand exposure to enterprise operations, corporate governance, and large-scale organizational coordination within a Navratna PSU.	

PROJECTS

Pixgram Live GitHub	May 2026 - Present
- Independently conceived, built, and launched a community-driven photography platform from scratch to a live product with real users - full ownership from idea to deployment. - Designed engagement features (community voting, leaderboards, skill-tagged profiles) by translating user needs into product decisions. - Managed the complete product lifecycle - planning, execution, and continuous delivery - reflecting strong ownership and follow-through.	
Portfolio Website Live	May 2026 - Present
Built and maintained a fully responsive personal portfolio achieving 100% mobile responsiveness and 99.9% uptime, reflecting attention to presentation and personal branding.
